

Representative engagements completed by Rutter Hobbs & Davidoff's attorneys for clients in the Communications industry include:

- As general corporate counsel, represented a communications software development company with various licensing agreements, joint venture agreements, capital raising documents and the ultimate sale of the company.
- Represented a communications company in a defensive action for alleged trademark infringement.
- Represented a technical services company specializing in switch rental co-location and consulting services in a bankruptcy preference action.
- Advised a telecommunications company on employment issues, including drafting its employee manual, investigating harassment claims, and counseling on a number of other employment related issues.
- Helped a distributor of wireless communication equipment and systems complete an acquisition to expand its customer base.
- Assisted a distributor of wireless communication equipment and systems in structuring a succession plan from its founders to their children, enabling continuity of the business and corporate growth.
- Prepared privacy policy and terms and conditions of use for an e-commerce website for a leading multi-state distributor of communications systems.

"For over 16 years, RHD has been by my side as I founded and built numerous high technology companies. Their astute legal counsel, combined with their perceptive business sense, is of tremendous value to me as an entrepreneur in cutting edge industries."

Kevin Torf, Founder & CEO, iNuntius, Inc.

"Since we are based in New York, we depended on a referral for Los Angeles-based counsel when we were sued in a bankruptcy preference action. We are pleased that we ended up with Rutter Hobbs & Davidoff. They clearly understand our business and provided superb service with reasonable economics."
